Life can lead us in unexpected directions.
The trick is to enjoy the ride.

Could the 745i possibly go to greater lengths to please you?
Yes, with a long-wheelbase version of the 7 Series.

The 7 Series isn't the head of the class.
It's a whole class unto itself.

Equipment.

■ **Xenon low- and high-beam headlights** illuminate the road ahead and to the side with brilliant clarity. These headlights also have an auto-leveling feature. **BMW Adaptive Headlights** provide road illumination around corners by directing the headlights into and through the bend as soon as the vehicle begins cornering.

■ Smoked glass **rear trim strip**, positioned on the rear deck lid directly above the license plate panel, accentuates the elegant contours of the rear section.

■ **Halogen foglights** are cleanly integrated in the front air dam. Ellipsoid free-form technology ensures an even spread of light onto the road for extra safety in bad weather and poor visibility.

■ **Auto-dimming, power side-view mirrors** are tinted blue, with body-color mirror housing. The mirrors automatically heat up when the defroster is turned on.

■ **Door handles** are finished in body color. Unlocking the car by using the remote control automatically turns on a door-mounted light that illuminates the ground in front of the door.

■ **Infinitely variable stepless door brakes** hold the doors open in any position, even on hills.
 ■/□ **Power soft-close feature** automatically closes all four doors and trunk lid. Simply close the door (or trunk lid) gently, and the electric mechanism then draws it fully in. (std. on 760Li, opt. on 745i/745Li and 760i)

■ **Windshield wiper system** includes two washer nozzles integrated into each wiper arm, that squirt heated windshield washer fluid directly in front of the wiper blades. A rain-sensing feature regulates the sweep timing, and a heated wiper parking position varies to reduce wiper-blade wear.

■ **Retractable high-intensity headlight washers** help keep lights clean of ice, mud, road salt and other coatings, for maximum road lighting and enhanced driving safety.

Equipment.

■ **Rain sensor** uses infrared light to measure the amount of rain. When the wipers are in the “intermittent” mode, the rain sensor automatically adjusts the windshield wiping interval as needed.

■ **Park Distance Control** uses ultrasonic sensors in both bumpers to help you judge the distance to cars and unseen objects when parking. The beeping becomes faster as your bumper approaches the object, turning into a constant tone when it's less than 12" away.

■ **18 x 8.0 Multi-Spoke (Styling 94) cast alloy wheels and 245/50R-18 all-season tires.** (std. on 745i/745Li; not available on 760i and 760Li)

□ **19" Star Spoke (Styling 95) cast alloy wheels and performance tires.¹** Front: 19 x 9.0 wheels, 245/45R-19 tires. rear: 19 x 10.0 wheels, 275/40R-19 tires. (opt. on 745i/745Li; not available on 760i and 760Li)

□ **19" V-Spoke (Styling 126) cast alloy wheels and performance tires.¹** Front: 19 x 9.0 wheels, 245/45R-19 tires; rear: 19 x 10.0 wheels, 275/40R-19 tires. (exclusive with 745i and 745Li Sport Packages; not available on 760i and 760Li)

■ **20" Double Spoke (Styling 149) cast alloy wheels and performance tires.¹** Front: 20 x 9.0 wheels, 245/40R-20 tires; rear: 20 x 10.0 wheels, 275/35R-20 tires. (exclusive with 760i)

■ **19" Star Spoke (Styling 89) cast alloy wheels and performance tires.¹** Front: 19 x 9.0 wheels, 245/45R-19 tires; rear: 19 x 10.0 wheels, 275/40R-19 tires. (std. on 760Li; not available on 745i/745Li and 760i)

□ **18 x 8.0 Exclusive Spoke (Styling 91) cast alloy wheels and 245/50R-18 all-season tires.** (no-cost opt. on 760Li; not available on 745i/745Li and 760i)

■ Standard □ Optional (or included in a package)

¹Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages. Performance tires not recommended for driving in snow and ice conditions.

⁹ Full Maintenance Program covers all factory-recommended maintenance, as determined by the Service Interval Indicator for 4 years or 50,000 miles, whichever comes first. Full Maintenance Program includes items that need replacement due to normal wear and tear, provided wear and tear exceeds BMW specifications. This includes items such as brake pads, brake rotors and wiper blades that are not covered by the original New Vehicle Limited Warranty. Any adjustments required due to normal operating conditions are also included. For exclusions and limitations, refer to the Service and Warranty Information booklet that came with your new BMW, or see your authorized BMW center for details.

¹⁰ Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages. Performance tires not recommended for driving in snow and ice conditions.

¹¹ Luxury Seating Package and Cold Weather Package cannot be combined.

¹² Not available in 745i/745Li with Sport Package.
